## E-LEARNING GRAPHIC DESIGN FREELANCE

2016 - 2017

My most recent work includes developing courses for City & Guilds Kineo and Leo Learning where I was fortunate to work for companies such as Philips, the BBC and EDF. As a freelance e-Learning developer and graphic artist, I work either on projects from scratch or as part of a team on existing projects.

## E-LEARNING DEVELOPER THE MOMENT

Southampton  
February 2016 - August 2016

Working as a part of a team I designed and created e-Learning courses primarily for the marine sector using various authoring tools, such as Articulate Storyline 2, and Adobe Creative Cloud software. I also set up and troubleshooted clients' Learning Management Systems.
